I want the website to load quickly,  
so that I can view it on a mobile device.

# User story example

As a [...],

I want [...],

so that [...].

# User story example

As a driver,

I want [ ... ],

so that [ ... ].

# User story example

As a driver,

I want my car's dashboard

to be voice activated,

so that [...].

# User story example

As a driver,  
I want my car's dashboard  
to be voice activated,  
so that I can get directions  
safely while driving.

# User story example

As a driver,  
I want my car's dashboard  
to be voice activated,  
so that I can get directions  
safely while driving.

# User story example

As a [...],

I want [...],

so that [...].

# User story example

As a **photographer**,

I want [...],

so that [...].

# User story example

As a photographer,  
I want to capture creative effects in-camera,  
so that [...].

# User story example

As a photographer,  
I want to capture creative effects in-camera,  
so that I can reduce my editing time.

# User story example

As a photographer,  
I want to capture creative effects in-camera,  
so that I can reduce my editing time.

# **Real-world user stories**

You don't always have to follow  
the formula exactly.

# **What is an epic?**

# An epic is...

a story that is too big for a single sprint. It's broken down into multiple user stories. When those are done, the epic is complete.

**Story**

As a user, I want the website to load quickly, so that I can view it on a mobile device.

# Epic

As a business owner, I want an e-commerce website, so that my customers can easily browse and purchase products across all devices.

# Story

As a user, I want the website to load quickly, so that I can view it on a mobile device.

# Epic

As a business owner, I want an e-commerce website, so that my customers can easily browse and purchase products across all devices.

## Story

As a user, I want the website to load quickly, so that I can view it on a mobile device.

## Story

As a user, I want the website to adjust to my screen, so that I can seamlessly browse from desktop, tablet, or phone.

# Epic

As a business owner, I want an e-commerce website, so that my customers can easily browse and purchase products across all devices.

## Story

As a user, I want the website to load quickly, so that I can view it on a mobile device.

## Story

As a user, I want the website to adjust to my screen, so that I can seamlessly browse from desktop, tablet, or phone.

## Story

As a user, I want the checkout process to be simple, so that I can make purchases from my phone.

# **Quick recap**

“Story” in Jira = User story

# Quick recap

“Story” in Jira = User story

Epics contain multiple user stories
